Profile

I am a graduate with a degree in Computer Science. I am proficient in all Microsoft Office programs. I am now looking for an opportunity to gain some relevant work experience in the IT industry but I am open to other opportunities. I regularly work with people and enjoy assisting them with queries.

Education

Bachelor of Science - BS Computer Science, Pearson Institute of Higher Education(EDUVOS), Midrand, Johannesburg

JANUARY 2019 — DECEMBER 2021

National Senior Certificate, Sandtonview Combined School , Johannesburg

JANUARY 2018 — DECEMBER 2018

Project Experience

System Development, EDUVOS, Johannesburg

My team and I created an iOS application and a website of which I was responsible for the entire front-end development of the website and was the quality assurer. The project was aimed at making a panel beating company's services synced and making sure customers are updated throughout the whole process of their vehicles repair.
